The Honorable Rosa De Lauro
Ranking Member
House Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Perry County Sanitary Sewer Project in fiscal year 2025. The entity to receive funding for this project is the Perry County Board of County Commissioners, located at 212 South Main Street Lower Level, New Lexington, Ohio 43764. The funding would be used for the expansion of the existing gravity sewer to eliminate a septic tank effluent system and complete a regional interconnect with Licking County for treatment. The project is an appropriate use of taxpayer funds because the Village of Thornville's treatment facility is at capacity and with anticipated growth and future development opportunities, the county needs to expand their sewer system.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Troy Balderson
Member of Congress
