The Honorable Tom Cole
Chair
House Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

The Honorable Rosa De Lauro
Ranking Member
House Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Stockport Water Treatment Plant Project in fiscal year 2025. The entity to receive funding for this project is the Village of Stockport, located at 1685 Broadway Street, Stockport, Ohio 43787. The funding would be used for addressing water quality issues and ensuring clean drinking water for the villages of Stockport and Chesterhill by constructing a new water treatment facility and replacing the current disinfection-based system due to detected PFAS contamination underground. The project is an appropriate use of taxpayer funds because it safeguards public health while also spurring economic growth with the assurances of clean and reliable drinking water in the region.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Troy Balderson
Member of Congress
