The Honorable Rosa De Lauro
Ranking Member
House Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Carroll Water System Project fiscal year 2027. The entity to receive funding for this project is the Village of Carroll, located at 68 Center Street, Carroll, Ohio 43112. The funding would be used to address existing water line issues caused by the Villages failing asbestos cement water lines that are deteriorating and causing financial concerns for the local public utility. The Village of Carroll intends to extend their water services to Cemetery Road. The project is an appropriate use of taxpayer funds because the project will allow the Village to upgrade its aging water infrastructure and address the wells that are all contaminated with arsenic, lead, and copper, posing potential health and safety concerns to residents.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Troy Balderson
Member of Congress
