Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the Cleveland Avenue Multimodal Facility Project in surface transportation reauthorization legislation.

The project sponsor for this project is the Central Ohio Transit Authority and the project is located at 198 S Cleveland Ave, Westerville, OH 43081. The funding is designated for the design and build of a new park and ride and multimodal facility, in partnership with the City of Westerville and Otterbein University.

The project is an appropriate use of taxpayer dollars and is anticipated to benefit the community through increased mobility options for Central Ohio. This project will replace the existing Westerville Park-and-Ride, which is too small to meet current demand. Additionally, the project will support COTA Lines 43 and the CMAX and will serve as a rural transit hub, as future plans include connections to rural transit in surrounding counties.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Member of Congress
