Washington, DC 20515

The Honorable Sam Graves  
Ranking Member  
House Committee on Transportation and  
Infrastructure  
2164 Rayburn House Office Building  
Washington, DC 20515

Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the Point Intersection at US 36/SR 37 and SR 521 in surface transportation reauthorization legislation.

The project sponsor for this project is the City of Delaware and the project is located along US 36 from west of Foley St to SR 521 and SR 37 from west of East St to US 36 in Delaware, OH 43015. The funding is designated for the construction of additional lanes on US 36 & SR 37 and reconstruction and lengthening of the Norfolk Southern Railroad structure on the east side of Delaware.

The project is an appropriate use of taxpayer dollars and is anticipated to benefit the community by reducing congestion and improving safety along the heavily travelled US 36/SR 37 and SR 521 freight corridor by increasing the number of lanes under the Norfolk Southern Railroad bridge. Additionally, the project will create dedicated pedestrian and bicycle facilities for expanded travel options for the area.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Troy Balderson  
Member of Congress
